

GMW2022

A first step into the Metaverse

**GLOBAL
MONEY
WEEK®**

The text 'GLOBAL MONEY WEEK' is written in a bold, black, sans-serif font, stacked in three lines. The word 'WEEK' has a registered trademark symbol (®) at the bottom right. The text is surrounded by numerous yellow circular dots of varying sizes, resembling confetti or digital particles, scattered across the white background.

The metaverse

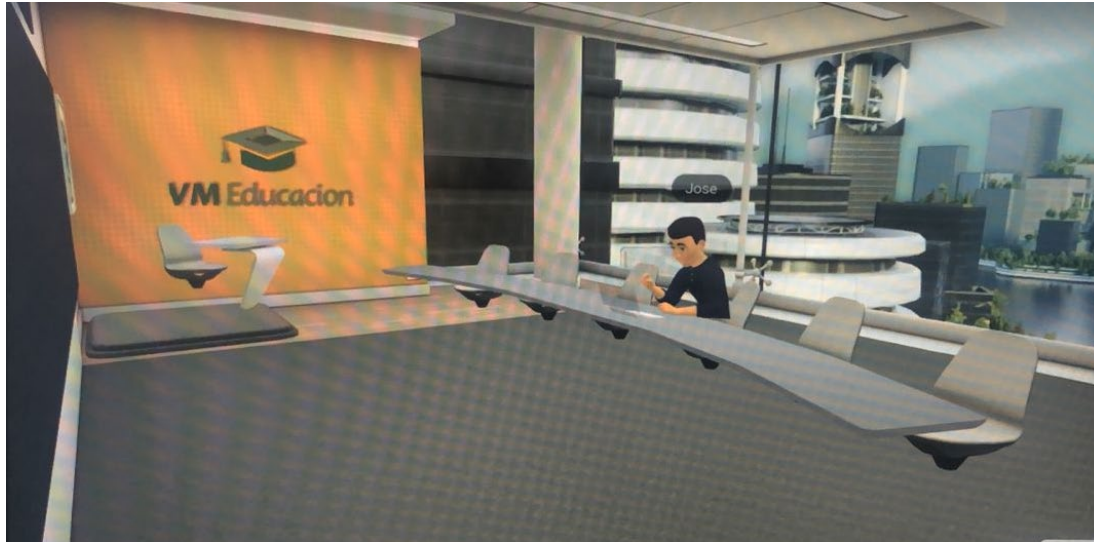

“You can think about the metaverse as an embodied internet, where instead of just viewing content — you are in it.”

Mark Zuckerberg.

The event (GMW 2022)

Features

Immersive learning

Simulation-ready

Scalability

Interactivity

**Virtual-reality classes
through a VR headset.**

**VR Simulation: safe,
cost-efficient, realistic.**

Scalable digital solution

**Networking, interaction
with digital objects and
spaces.**

Metaverse and Finance

- **Connection of financial, virtual and physical worlds**
- **Metaverse and blockchain**
 - Digital proof of ownership
 - Digital collectibility
 - Transfer of value
 - Governance
 - Accessibility
 - Interoperability

NFT and Blockchain

Education still has a great benefit with the Metaverse and the use of NFTs and Blockchain, as knowledge can be bought, sold and certified and have a confirmed and recognized value worldwide.
